CHAMBER CONSULTING SERVICES

A hands-on assistance
program designed for
Chambers of
Commerce

Chamber Consulting Services is a cooperative program of the Oklahoma Chamber of Commerce Executives Association (OCCE) and The State Chamber of Oklahoma. OCCE is the professional association for chamber staff while The State Chamber works with local chambers to promote a positive business climate in Oklahoma.

Through this program the following services are provided:

- Consulting services for local chambers of commerce including facilitators for Board Orientation sessions and/or Planning Retreats.
- Electronic resource guide complete with sample bylaws, articles of incorporation, membership information and more.
- Wage and Benefit Survey of local Oklahoma chambers of commerce.
- Mentoring Program: OCCE Board members are matched up with local chambers to provide specialized help.

These services are provided utilizing the fee structure in this brochure. Additionally, one on one consulting services are available via email or telephone call. Services are provided not only by Danna Fowble, IOM, Vice President, The State Chamber and Executive Vice President, OCCE but also by many qualified Chamber professionals across the state. Services are scheduled by contacting Danna at 405-235-3669 or dfowble@okstatechamber.com.

*It is the belief of OCCE and the State Chamber, that a chamber is more likely to have a successful plan if the Board of Directors is trained and actively involved in the planning process. Therefore the fee for both an orientation and retreat will not be significantly higher in hopes to encourage this structure.
